TESTIMONIAL- CDM

To Whom It May Concern:

This serves to confirm that CDM completed renovations to our Sizzling Griller store in March of 2014.

The scope of work was turn-key for a quick service restaurant and included:
Stripping the floors and walls, preparing, re-tiling the floor and repainting the walls.

Suspending a new ceiling with all light fittings

Building a counter as per specifications

Erecting bulkheads to suit tenant

Placing all the necessary electrical power points in strategic positions

Installing the DB board and doing the necessary connection.

Placing all the plumbing pipes in the allocated positions

Charle and his team were very punctual and diligent and completed the task well within the allotted time. The end result was very professional and we will use him again in the future when the need arises.

We are extremely happy with the work completed by CDM and would highly recommend them for similar projects.

Sincerely

Frank van der Zon
