**To Whom It May Concern**

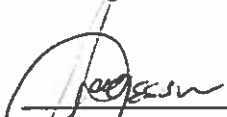

This is to confirm that Charles Greyling of Corp Design has been installing Beauty Factory units in our Edgars stores.

He is one of the very few shop-fitters that always keeps to timelines and ensures quality work in stores at all times and such a pleasure to work with.

His excellent customer service and communication skills are well noted.

I would recommend him without a doubt for any work scope he may carry out for you.

Kind regards,

---
